### **CANCELLATION of Year 2003 NEHC Workshop and Third DoD Population Health & Health Promotion Conference**

It has been announced by CAPT David M. Sack, Commanding Officer, Navy Environmental Health Center (NEHC) that due to current world affairs and in support of our military, the 43<sup>rd</sup> Navy Occupational Health & Preventive Medicine Workshop and all concurrent conferences, including the Third DoD Population Health & Health Promotion Conference, have been cancelled.

Many of our intended audience, as well as our guest speakers and instructors, may be or are already deployed. If not deployed, many may be unable to attend the conference due to travel restrictions or more pressing mission essential matters imposed upon them.

Additionally, to maintain goodwill with the Town & Country Resort and Conference Center, it is only appropriate that we afford them as much advance notice as possible of our cancellation so that they may book the rooms that they were holding for our workshop/conference with other customers. **Any speakers or planned attendees who have already made hotel reservations at the Town & Country Resort and Conference Center need to cancel their reservation to ensure that they don't have unintended hotel charges.**
